About The Moving Image

An exhibition of major international film and video works charting practices that remain resonant today. Twelve films will be screened for a fortnight each between October 28 2011 and April 28 2012. Accompanying each film will be a curator led discussion of the artist's work and its context and its continuing relevance. These will be fortnightly on Tuesday evenings, with the first one on November 15.

New Walk Museum and Art Gallery
53 New Walk, Leicester, LE1 7EA
