

a bus service with a difference...

Some Facts:

- Anyone, any age who finds it hard or impossible to catch a bus can use Dial-A-Ride.
- We collect you from your door.
- You can take someone with you for help or company.
- Fares are comparable with bus fares for similar journeys and you can use your bus pass.
- You usually get about 2 hours in the city or shopping centre.
- The buses have passenger lifts, so you can easily get on board even if steps are a problem or you use a wheelchair.
- Our drivers will give you help on and off the bus.
