

CAR PARKING IN LEICESTER

Parking and shopping in Leicester made easy for your convenience!

Leicester has over 8,500 off-street and 1300 on-street car parking spaces for public use. Car parks are within easy walking distance of the city centre, with its shopping and recreational facilities and on-street parking is conveniently located on many city centre streets. A digital parking guidance and information system directs motorists to the nearest multi-storey car park where parking is available. The nine multi-storey car parks are located in one of four city centre zones, North, South, East or West (see accompanying map).

Motorcyclists can park free, or for a small charge, in most of the car parks and pedal-cycle parking areas that are provided throughout Leicester. Parking for Disabled Badge Holders is free in car parks run by the City Council as well as within the on-street pay & display bays (see table below).

If you require further information or advice, please contact
