EXPRESSIONS OF INTEREST

**Architectural Feature
Lighting Scheme 2018-19**

Introduction

Architectural Feature Lighting (AFL) is a specialist field within the built environment professions, whereby the aesthetics of buildings and public spaces are enhanced via permanent illumination.

Leicester is a treasure trove of hidden architectural riches that often go unnoticed above shop fronts by day, and are lost in the darkness at night. The Leicester AFL scheme seeks to illuminate these hidden treasures, create inviting, atmospheric spaces after dark, enhance the shopping and leisure experience for residents and visitors, and support the growth of local business.

If your business, and your wider neighbourhood, could benefit from the installation of AFL on your property, then please complete the attached form. This application will then be assessed by council officers. Should you be successful you will then have to complete the full application form. If you need further assistance with this, please contact Leicester City Council development team:

Development-team@leicester.gov.uk

Your details

Applicant Name:	
Applicant Address:	
Name of Business:	
Address of property for which grant assistance is requested (if different from above)	
Applicant telephone number:	
Applicant Email:	
Website:
