PLEASE READ THIS GUIDANCE IN CONJUNCTION WITH LLR ICELS EQUIPMENT LIST AND CONTACT DETAILS

Person lives in LLR (pays their local council tax in LLR) and has GP in LLR

Fully social care funded equipment – refer to equipment list

Refer to relevant social care service for authorisation – see contact details

Order includes bed/pressure care

To be authorised by ICELS Team – liaise with Social Care where necessary

Transfer equipment (NOT bed/pressure care) – to support carers/care package

Refer to relevant social care service for authorisation – see contact details

Transfer equipment (NOT bed/pressure care) – to support rehab/community therapy intervention

To be authorised by ICELS Team

Person lives in LLR (pays their local council tax in LLR) but their GP is out of LLR

Fully social care funded equipment/any joint funded equipment that is required for a social care need/support carers/care package

Refer to relevant LLR social care service for authorisation – see contact details

Orders for:

- profiling bed/pressure care equipment;
- other fully funded health equipment (refer to equipment list)
- joint funded equipment that is required to meet a health need, e.g. support rehab/community therapy/community nursing intervention

CROSS BORDER ARRANGEMENTS APPLY

To be authorised by ICELS Team if person lives in Nottinghamshire or Derbyshire

If person lives in Warwickshire/Northants/ Lincolnshire/other area not included above – prescriber to be advised to contact the community equipment provider for that area

In order to process the order, the following will be discussed as appropriate with the prescriber, who will need to provide relevant information to enable the ICELS authoriser to confirm eligibility:

- Confirm that equipment is to meet a health need
- Bed criteria is met
- Pressure care criteria is meet
- M&H – e.g. rotunda – who will use/training provided
- Is equipment going into care setting – eligibility met
- Service levels requested
- If non-standard contract stock is required, this will need to be referred to AB/JM
