Leicester City Council

Strategic Flood Risk Assessment 2022

**Drawing Title**

Risk of Flooding from Surface Water

**Map Number:**

**Scale:** 1:50000 @A3

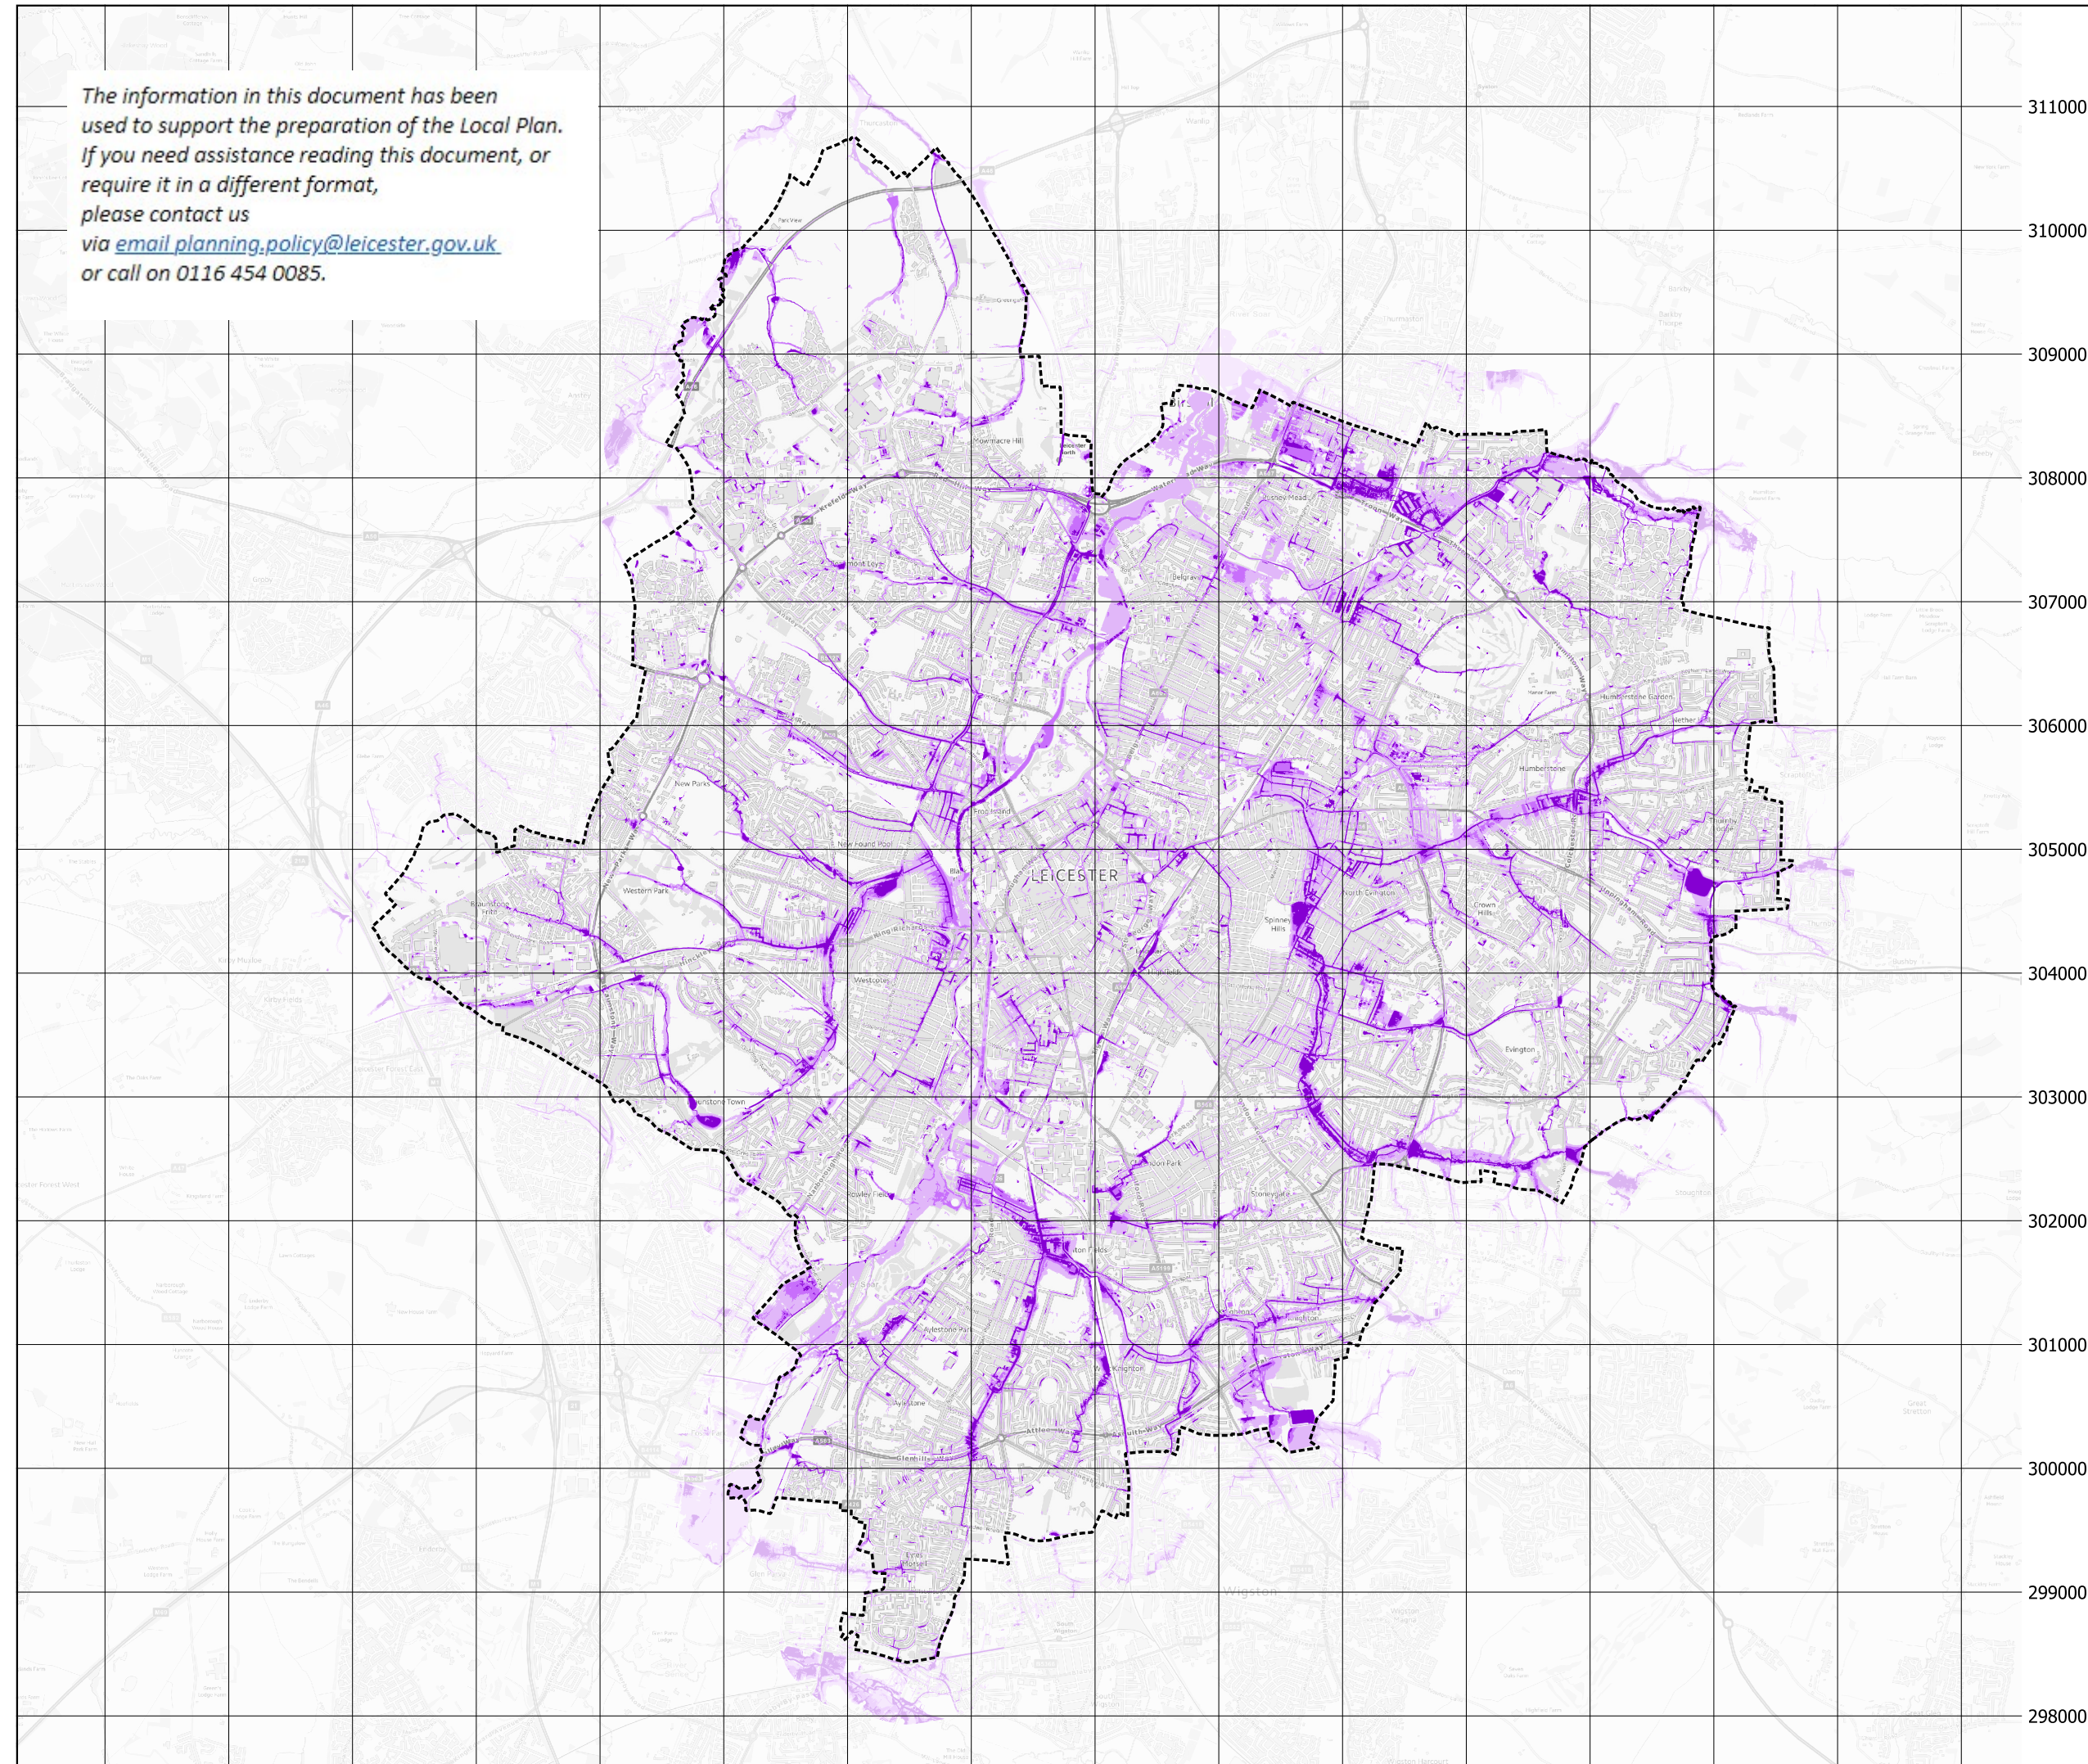

0 500 1,000 1,500 2,000 m

**LEGEND**

-  Leicester administrative boundary
-  Risk of flooding from surface water 1 in 30 annual chance (>3.3% AEP)
-  Risk of flooding from surface water 1 in 100 annual chance (3.3% to 1% AEP)
-  Risk of flooding from surface water 1 in 1000 annual chance (1% to 0.1% AEP)

This map was prepared solely for the Leicester 2022 Strategic Flood Risk Assessment. Flood risk data is periodically updated by the Risk Management Authorities (RMAs). When preparing a Flood Risk Assessment, planning applicants and consultants must obtain the most up to date information concerning flood risk from the RMAs. New information may be available which supersedes the data displayed on this map. This map is catchment scale and should not be relied upon at a local (planning application) scale.
